NO GAS/GLOW FLYING BEFORE 12:00 PM ON SUNDAY

FREDERICKSBURG AEROMASTERS

AMA CLUB CHARTER 1552

Introduction

Weather is slowly warming and hopefully the winds will cooperate for another great year of flying. The field survived the winter storms. Most members have renewed their membership and club finances are stronger than they have been in years.

A few things since the last meeting:

- Club Charter has been renewed! Thanks Mike Penzo!
- Fredericksburg Aeromasters achieved Silver Club Status!
- Field inspected after winter storms. Lots of flooding, but it drained away. Topic for future club meetings

Overall, the Fredericksburg Aeromasters are starting 2022 strong. Looking forward to seeing everyone at the field this year!

Meeting Topics

- Field Maintenance: Set up a plan for field work days and other maintenance items
- Meeting Schedule: Determine the best meeting cadence for the club
- Field Conditions: Field has some continued issues with larger puddles and ridges. It is still usable, but the club needs to talk about the longer term plans for the field.
- Help Needed: Looking for a new Webmaster for the Club.

Reminders

- All airplanes should be marked with a visible FAA number. If a member sees an unmarked plane, please remind the owner to properly mark their plane.
- FAA Knowledge Examination is out. Test is impossible to fail.

Author's Note:

Thanks all for the pictures but I can always use more! Please contact me at glauxworld@gmail.com if you have any stories or pictures that you would like to share in the newsletter.
